

Matted Pet Agreement and Release Form

I understand that if my pet has matting, The Sudsy Pup will use the kindest and safest approach, which may include shaving matted areas or giving a shorter haircut to avoid pain or stress.

Care & Products

I understand that de-matting requires extra time, careful handling, and may include the use of Iv San Bernard skin therapies to soothe and support the coat and skin.

Possible Skin Sensitivity

I understand that mat removal can reveal or result in skin irritation, redness, pre-existing conditions, or temporary sensitivity/behavior changes, and these are often caused by the matting itself.

Additional Time & Fees

I understand that a de-matting fee applies, starting at \$50, and may increase based on the severity of matting, coat type, size, temperament, and time required.

Liability Release

I release The Sudsy Pup from liability for any condition uncovered or resulting from matting or mat removal. Any veterinary care needed as a result of matting is my responsibility.

Consent

By signing, I agree that I have read and understand this Matting Release. This applies to today's visit and all future grooming appointments.
